Few folks know David, but everybody knows Davidson, the only reliable jeweler of Reno to sell the best watches and jewelry for \$1.00.

Before purchasing your holiday presents go and examine I. Fredrick's immense stock of watches, clocks, jewelry, etc.

Davidson, the jeweler, is a good one.

Isaac Fredrick is offering his stock at very low prices, because of the dull times.

All Lovers of a First-Class Pit Cigar come to John F. Myers' Drug Store, two doors west of post-office.

For Cheap Drugs, Toilet Articles, Patent Medicines, Perfumery, etc., call at John F. Myers' Drug Store, two doors west of the post-office.

The Mechanics' Store sells boots and shoes, hats and caps, dry goods and dress goods, fancy goods and clothing, groceries and provisions at poor men's prices. Virginia street.

The Mechanics' Store has full supplies of family groceries, including farm and dairy produce.

Some idea of the number of watches carried in this locality, may be drawn from the fact that our popular watchmaker Wm. Goeggel, has repaired one thousand and eighty-seven (1087) of these useful articles since the last great fire.

For fine boots, fine shoes, fine gaiters, fine socks or stockings, fine shippers or foot-gear of any kind, go to the Mechanics' Store.

Full weight and honest measure at the Mechanics' Store.

I. Fredrick sells jewelry cheaper than any jeweler in town, but at the same time he does not sell below cost; neither does he intend to leave town.

A full line of novelties in Jewelry, original in design, rich in ornamentation, Roman finish at Goeggel's on Virginia Street.

THE DOLLAR PROBLEM.

"The Reno GAZETTE is the only paper in Nevada that is opposed to the remonetization of silver. Why a paper published in a State whose prosperity depends upon silver mining should advocate measures to cripple that industry, is beyond the comprehension of ordinary mortals, whom the GAZETTE does not attempt to enlighten on the subject.—Silver State.

Our esteemed argentiferous contemporary appears not to understand the GAZETTE's position on the silver question. The GAZETTE desires, as much as any of its Nevada contemporaries of superior intelligence, to see as much silver coined and put in circulation as possible. But, unlike the Silver State, it has not the ability to understand how that object can be furthered by trying to palm off ninety cents' worth of silver, or less, as a dollar worth one hundred cents.

The GAZETTE has never been suspected of treachery to the hay interest, being published in an agricultural section, and enjoying a large circulation among farmers. Yet this paper has never recommended farmers to sell eighteen hundred pounds of hay as a ton. Some day the GAZETTE may be accused of hostility to the farming interest because it has always been opposed to tagging a ninety-pound bale of hay as a hundred-pound bale. The charge would be as well founded as that preferred above by its no less esteemed though silvery-soft contemporary, the Silver State.

The Chicago Times, a journal which lacks the Winnemucca Silver State's keen perception in financial matters, publishes the following "Catechism of the Silver Dollar."

According to one of the St. Louis papers the class in arithmetic in the public schools of that city has not yet taken up the dollar problem, but when it does the examination will run in about this wise:

Teacher—Now, boys, what is this I have in my hand?

All the boys—It's a dollar.

Teacher—Yes; it's a legal tender dollar. It is called the dollar of the fathers. How much silver does it contain?

Small boy—412½ grains.

Teacher—That's right. Now, what do you call this? It is also a silver dollar, but what is it called?

Small boy (after examination)—It's a trade dollar.

Teacher—That's right. Now, how much silver does it contain?

Small boy—420 grains.

Teacher—How much is it worth?

No answer from the boys.

Teacher—Well, it is worth ninety cents.

All the boys—It is worth ninety cents.

Teacher—Now, boys, tell me why it is that the dollar containing 412½ grains of silver is worth 100 cents, while the dollar containing 420 grains is worth only ninety cents?

Head of the class—Damfino.

It's a question which must go to Congress for settlement. The big boy there ought to be able to answer this question, or ought to retire from Congress.

EDITORIAL NOTES.

The GAZETTE, in common with other Nevada papers, inserted advertisements, proceedings, etc., at the order of the Governor, and put in bills at the legal rates. These rates were made by the State Government and are by no means exorbitant. The Board now cuts down the bills to suit itself, and picks out a few papers to be paid all the money in the fund, instead of dividing it pro rata. The State papers ought to bring suit for the amount deducted from their bills.

Two young Nova Scotians thought it good fun to wrap themselves in white sheets and suddenly jump out from a graveyard at an acquaintance was passing at night. They are not so frolicsome now, for they frightened him into insanity.

The Lakeview State Line Herald has resumed publication. The office was destroyed by fire two months ago. It now makes as good an appearance as ever.

Hon. Jackson Ferguson, Supervisor of the Census for Nevada, desires the appointment of Indian Agent at Pyramid.

A woman with fifteen husbands has turned up in New York. What kind of igamy is that?

Glass Thread.

The thread for the glass cloth now made at Pittsburg is drawn out of a molten bar by means of a rapidly revolving wheel at the rate of 2,000 yards a minute. The weaving is done on looms, about the same as with silk. The coloring is done with minerals when the glass is originally melted.

THE BOSS!

Edison Outdone.

Over 150,000 Sold.

Patented April 2, 1878, June 11, 1878, and July 8, 1878.

Boss Coffee, Tea Pots & Urns.

It is the Boss! Why? Because it produces Boss Coffee. It makes rich flavored Coffee! Why? Because all the aroma and food are retained. It beats them all! Why? Because it saves 100 per cent over boiled Coffee, which is not coffee, but bitter water mixed with coffee (sloeine). Stop drinking boiled Coffee. Make your coffee as nature ordained, and restore your health. Many inventors have racked their brains to furnish the human family with a practical method of making coffee. At last the HARRY BOSS has been accomplished in the production of very cheap and simple Pots and Urns celebrated as the BOSS.

While Edison may furnish light to millions, the BOSS will assuredly give health to who use it. Thousands have become dyspeptic and bilious from drinking boiled coffee or worse water (boiled coffee is not coffee, but bitter water mixed with coffee (sloeine)). Stop drinking boiled Coffee. Make your coffee as nature ordained, and restore your health. Many inventors have racked their brains to furnish the human family with a practical method of making coffee. At last the HARRY BOSS has been accomplished in the production of very cheap and simple Pots and Urns celebrated as the BOSS.

TO WHOM IT MAY CONCERN.—After thoroughly testing the BOSS COFFEE POT, we, the undersigned, fully endorse the same as the best method of making Coffee we have ever seen. Besides saving eggs, it will save a large per cent. of the Coffee. It produces Coffee as clear as wine, while it is much stronger, and has a more delicious flavor than any coffee made by any other process.

The said action is brought to obtain a judgment and decree of divorce against the defendant and in favor of the plaintiff. The complaint alleges that the plaintiff and defendant were married at Hockett, in the State of New Hampshire, A. D. 1882, and lived and cohabited together until on or about the 25 day of August, A. D. 1882. That plaintiff was a true and faithful husband. That on the 25th day of August, A. D. 1882, at Reno, Nevada, defendant left plaintiff's bed and board and has ever since said time abandoned and refused to live with plaintiff, and has gone to the State of Pennsylvania, deserting and refusing to cohabit with plaintiff, all of which will more fully appear from the Complaint which is on file in the office of the clerk of said court at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the court for the relief demanded.

In testimony whereof, I, MARK PARISH, have hereunto set my hand and affixed the seal of said court, this 12th day of November, A. D. 1880.

MARK PARISH,
Clerk of the district court of the Second Judicial District of Nevada, in and for Washoe County.

MISCELLANEOUS.

The Sun for 1881

Everybody reads the Sun. In the editions of this newspaper throughout the year to come everybody will find:

I. All the world's news, so presented that the reader will get the greatest amount of information with the least unprofitable expenditure of time and eyesight. The Sun long ago discovered the golden mean between redundancy and unsatisfactory brevity.

II. Much of that sort of news which depends less upon its recognized importance than upon its interest to mankind. From morning to morning the Sun prints a continued story of the lives of real men and women, and of their deeds, plans, loves, hates, and troubles. This story is more varied and more interesting than any romance that was ever devised.

III. Good writing in every column, and freshness, originality, accuracy, and decorum in the treatment of every subject.

IV. Honest comment. The Sun's habit is to speak out fearlessly about men and things.

V. Equal candor in dealing with each political party, and equal readiness to commend what is praiseworthy or to rebuke what is blameworthy in Democrat or Republican.

VI. Absolute independence of partisan organizations, but unwavering loyalty to true Democratic principles. The Sun believes that the Government which the Constitution gives us is a good one to keep. Its notion of duty is to resist to its utmost power the efforts of men in the Republican party to set up another form of government in place of that which exists. The year 1881 and the years immediately following will probably decide this supremely important contest. The Sun believes that the victory will be with the people as against the Rings for monopoly, the Rings for plunder, and the Rings for imperial power.

Our terms are as follows:
For the Daily Sun, a four-page sheet of twenty-eight columns, the price by mail, post paid, is 55 cents a month, or \$6 50 a year; or, including the Sunday paper, an eight page sheet of fifty-six columns, the price is 65 cents a month, or \$7 70 a year, post-paid.

The Sunday edition of the Sun is also furnished separately at \$1 20 a year, postage paid.

The price of the Weekly Sun, eight pages, fifty-six columns, is \$1 a year, postage paid. For clubs of ten sending \$10 we will send an extra copy free.
